INTRODUCTION TO **YOUR INGENIE BOX CONTRACT**

These terms and conditions describe the contract between **you** and Endsleigh Insurance Services Limited under the trading name "**ingenie**" in respect of:

- the supply and fitting (where applicable) of **your ingenie box**
- maintenance/other services relating to **your ingenie box**
- the collection of data from **your ingenie box**
- the provision of **your** feedback app and or **your** driving **feedback account**

All these activities are provided to **you** directly by **ingenie** (and not by the **insurer**).

To make these terms and conditions easier to understand, certain words printed in bold, which have special meanings are shown in the section titled "Explanation of words used throughout this document" on page 49 of **your policy** wording.

About ingenie

ingenie is a specialist provider of telematics-based insurance products and services for younger drivers.

The latest in-car telematics technology is used to assess **your** driving style. **ingenie** gives feedback on how **you** drive via **your** driving **feedback account** and via the free **ingenie** feedback app.

ingenie will supply and fit (if required) an **ingenie box** for **your car**, which records how it is driven.

This **telematics data** includes information on a range of **your** driving characteristics including speed, braking, acceleration and cornering. By collecting and processing **your telematics data**, **ingenie** can help **you** to be a better driver.

By passing elements of that data to **your insurer**, **ingenie** can influence the cost of **your car** insurance.

You can find more details about the **telematics data** that **ingenie** records, the other **personal data** collected and held by **ingenie** and related to **you**, how **ingenie** uses the data and who **ingenie** passes it to in the following places:

- the section “**Telematics data**” on pages 8 to 9
- the section “**Your other personal data**” on pages 8 to 9 and
- our Privacy **policy**, which **you** can find at www.ingenie.com/privacy-policy.

Your ingenie box

Unless **you** already have an existing **ingenie box** fitted in **your car**, we will supply **you** with an **ingenie box** which is compatible with **your car**. Depending on factors including the age, make and model of **your car**, **you** will be supplied with either a **fitted black box** which we will install for **you**, or a **self-fit box** which **you** can install yourself.

Fitted black box

ingenie will arrange for a **fitted black box** to be installed in **your car**. **You** will receive a notification from our fitting partners which will provide **you** the information **you** need to arrange a fitting. Further details relating to our supply and fitting of an **ingenie box** are set out on page 5-6.

Self-fit box

If compatible with **your car** and **you** are eligible, **ingenie** will supply **you** with a **self-fit box** which will normally be posted to **your** home address. The **self-fit box** fits either:

- into **your car**’s Onboard Diagnostic Port (OBD) and we will provide **you** with instructions of where the OBD port is normally located and details of how to fit the box to **your car**;
- or on to **your car** battery and we will provide **you** with instructions of where the battery is normally located and details of how to fit the box to **your car**.

You will also be provided with the details of our fitting partner should **you** need assistance.

Existing fitted black box

If **your car** already has a **fitted black box** installed that meets **ingenie's** minimum requirements, **ingenie** will attempt to reactivate the box. The **fitted black box** must not have ever been tampered or interfered with since its fitting, other than by **ingenie's selected installers**.

If successful:

- **ingenie** will not need to install a new **fitted black box**;
- **you** will not have to pay for the cost of a **fitted black box** and its installation
- **you** will retain ownership of the **fitted black box**.

If not successful, a new **fitted black box** or **self-fit box** will be provided, as detailed above.

Maintenance of the ingenie box

The **ingenie box** should not require any maintenance. In the unlikely event that it becomes faulty, **ingenie** will notify **you** and arrange for it to be replaced in accordance with the section "Installing and repair/replacement of **your box**" on page 5.

During a **period of insurance**, **ingenie** will replace at our own cost a faulty box unless the fault or damage is caused by **you** or anyone appointed by **you** (such as a mechanic) or anyone other than **ingenie** or an **ingenie** representative.

If, during a **period of insurance**, **you** damage or tamper or interfere with the **ingenie box** (including deliberately preventing it from working), **ingenie** may:

- charge **you** as detailed in the section "Costs of **your ingenie box**" on page 5;

- inform the **insurer** who may then cancel **your policy** (see **your insurance contract** for further details).

This does not include a situation where the **car** is deemed a total loss after a claim or the **ingenie box** is damaged in an incident involving a claim under **your policy**, where **you** will not be charged for a new box or its fitting.

Removal of the fitted black box

ingenie does not ordinarily ever remove a **fitted black box** from **your car**.

You can only ask **ingenie** to remove **your box** after **your insurance** has lapsed or been cancelled, **you** have a **fitted black box** in **your car**, and there is a charge for the removal. See the section "Costs of **your ingenie box**" on pages 4 to 6. This is because having an **ingenie box** fitted to **your car** is a condition of **your policy**.

Your driving feedback account

You must activate **your ingenie driving feedback account** to receive feedback on how **you** are driving. **You** can also view this along with useful driving tips via the free **ingenie** feedback app.

Feedback messages are designed to help **you** improve **your driving style** and become a better driver. They also serve as a warning to **you** about how **you** are driving - if **you** receive **red messages** or **highly dangerous messages**, **your insurance premium** may be negatively affected.

You must activate **your driving feedback account** within 10 days after **your ingenie**

box has been fitted. If **you** fail to do so, **ingenie** may inform the **insurer** who may then cancel **your policy** (see **your insurance contract** for further details).

You should regularly review and assess the driving feedback within **your feedback account**.

The provision of the **feedback account** is subject to the section “Portals and Accounts” on page 10.

Costs of your ingenie box

Transmission of your telematics data

The cost of transmitting data to and from the box is included in the cost of the **ingenie box**. When **you** take out an **ingenie policy** the cost of **your first ingenie box** and its fitting (where applicable) which is payable to **ingenie** under the terms of this contract, will be collected at the same time that the premium which is due under **your policy** is collected. This cost is set out in the table below:

ingenie box costs	
Fitted black box	Self-fit box
£105	£50

There are circumstances where **you** may be responsible for the costs of a new **ingenie box** and its fitting (if applicable), such as:

- where **you** decide to replace **your car** during the **period of insurance**; or
- where **you** have damaged the **ingenie box**.

Where applicable, **ingenie** may:

- debit these additional payments from the debit or credit card details **you** provided when **you** purchased the **policy**; or
- deduct these from any premium refund due

ingenie may also request the additional payment from **you** directly.

If **ingenie** invoices **you** for any additional charges but cannot take payment using either of the methods above, **you** must make payment within 14 days.

If **you** still have a **policy** at such time, **ingenie** may notify the **insurer** of a failure to pay these additional fees when requested and the **insurer** may then cancel **your policy** (see **your insurance contract** for further details).

Installing and repair/replacement of **your fitted black box**

Before an ingenie box can be installed, repaired or replaced

It is **your** responsibility to ensure that **you** have the agreement of anybody with a legal interest in the **car** to:

The telematics data

The **telematics data** that **ingenie** collects from **your** box includes:

- speed throughout **your** journey
- braking frequency and force

If the **policy** is cancelled, or lapses, **ingenie** will cease collecting **your telematics data** within 7 days of cancellation, or as soon as possible thereafter, meaning the **ingenie box** will not transmit any further **telematics data** to **ingenie**.

Any **telematics data** collected remains the property of **ingenie**.

How ingenie uses the telematics data it collects

In brief, **ingenie** takes **your telematics data** and uses intelligent software and algorithms to assess **your driving behaviour**. This behaviour is then given a score, which is regularly updated as the driving characteristics identified by the **ingenie box** change over time. For example, if **you** consistently exceed the speed limit or take corners too sharply for the kind of **car you** drive, the analytics algorithms will detect this and **your score** may be lower as a result. If **you** then begin to reduce **your** speed and drive more carefully, **your score** is likely to increase over time.

Other uses of **your** data include:

- making **your score** available for **you** to access from **ingenie** via **your feedback account**;
- issuing messages relating to **your driving behaviour**, such as **red messages** and **highly dangerous messages**;
- creating detailed assessments of **your driving behaviour** or specific information relating to the **car** at or around a particular event e.g. if an accident involving the **car** occurs, we will request a breakdown of the exact

telematics data recorded immediately prior to and following impact.

Third parties

ingenie may need to pass some or all of **your personal data** and/or **telematics data** to selected third parties. If this is necessary, the transferred data will be held securely in accordance with data protection law. **ingenie** will not typically disclose specific **telematics data** e.g. a report on where **you** have driven over the course of a given period, though **ingenie** may disclose detailed usage data in the event of a claim.

Third parties include:

- **ingenie**: to arrange and administer **your policy**
- **your insurer**: to provide and manage **your** insurance, evaluate whether **your** premium should change over time, and other similar activities
- a different **insurer** from time to time: to provide **you** with a quote, or additional insurance policy e.g. after-the-event insurance cover for accidents, where **you** have requested this cover and **your primary insurer** is either unable or unwilling to provide it
- relevant authorities such as the Motor insurers' Bureau, or any disclosure which is required by a court order
- third parties that **ingenie** uses to provide its services, as explained further in our Privacy policy.

Marketing from ingenie

If **you** have given **your** consent, **ingenie** may use **your** contact details to send **you** information about other products and services offered by **ingenie** which may

interest **you**. If **you** wish to change **your** marketing consent please email, write or call **ingenie** using the details shown on any of **ingenie**'s letters or website at: **www.ingenie.com**.

Further information

If **you** would like further information about what **personal data** and **telematics data** **ingenie** collects, and how it is used, please read the **ingenie** Privacy policy which can be found at: **www.ingenie.com/privacy-policy**.

All the **personal data** and **telematics data** that **ingenie** passes to **your insurer** is held by the **insurer** in accordance with the **insurer**'s Data Protection Notice which is detailed in **your** insurance contract.

ingenie will use its reasonable endeavours to provide **you** with access to the portals 24 hours a day, 7 days a week. However, **ingenie** cannot guarantee that **your** access will be uninterrupted or error-free. **ingenie** may also need to disable access to the portals for short periods of time in order to carry out planned maintenance on them. If **you** are unable to access **your** account, **your telematics data** will still be recorded and uploaded when the driving **feedback account** becomes available again.

The **self-fit box** must be fitted within 3 days of receiving the dispatch confirmation email. If the **self-fit box** is not fitted within these timescales, the **insurer** and or **ingenie** reserve the right to cancel **your policy** under **policy** condition 8 on page 39.

Damage to the ingenie box

If the **ingenie box** is damaged due to **you**, or anyone acting on **your** instruction or on **your** behalf, maliciously tampering or interfering with the **ingenie box**, or **you** deliberately prevent it from working, the **insurer** and or **ingenie** reserves the right to cancel **your policy** under **policy** condition 8 on page 39.

If the **ingenie box** is maliciously damaged, or deliberately prevented from working (which includes the removal of a **self-fit box** from the Onboard Diagnostic Port (OBD) of **your car**), then the **insurer** and or **ingenie** reserve the right to cancel **your policy** under **policy** condition 8 on page 39.

You will be liable for any costs incurred through repairing, removing or replacing the **ingenie box**. **You** will not be liable for manufacturer faults (see '**ingenie box** faults' below).

ingenie box faults

Should the **ingenie box** develop a fault **ingenie** will notify **you**. If **you** have a **self-fit box**, **ingenie** will arrange for a replacement to be sent to **you**. If **you** have a **fitted black box**, **ingenie** will arrange a mutually suitable time to replace **your**

fitted black box. You must allow **ingenie**, or their **selected installer**, access to **your car** within 14 days of **ingenie** notifying you of the fault. If you do not allow **ingenie**, or their **selected installer**, access to **your car** within this timescale then the **insurer** and or **ingenie** reserve the right to cancel **your policy** under **policy** condition 8 on page 39.

Telematics data collection

As detailed in **your box contract**, **ingenie** will collect **telematics data** from **your ingenie box** to administer **your policy**. This data may be supplied to the **insurer** who may use it to:

- assess liability in the event of a claim
- determine a renewal premium based on **your driving behaviour**
- make underwriting decisions relating to **your policy**
- perform statistical analysis and research
- and for any other purpose as required for administration of **your insurance policy**
- defend a claim by providing it to third party claimants or their representatives.

ingenie will always attempt to capture **telematics data** during the **period of insurance**. If **telematics data** is not collected for any period, then **driver behaviour** for this period may not be recorded. This will not affect **your** cover unless the **ingenie box** is maliciously damaged, or deliberately prevented from working (which includes the removal of a **self-fit box** from the Onboard Diagnostic Port (OBD) of **your car**), however it may

prevent **ingenie**, **ingenie** or the **insurer's** ability to use the **telematics data** e.g. to help calculate **your** premium, or to assist in any claim **you** may have.

If **you** allow other drivers to use the **car** during the **period of insurance**, please note their driving will have an impact on the **telematics data** collected by **ingenie** and could impact **your** premium.

As detailed in **your box contract**, **you** must activate **your** driving **feedback account** within 10 days of the fitting of **your ingenie box**. If **you** fail to do so, the **insurer** and or **ingenie** reserves the right to cancel **your policy** under **policy** condition 8 on page 39.

How telematics can affect your premium

ingenie will assess the **telematics data** from **your ingenie box** against **ingenie** guidelines 3 times a year to determine **driver behaviour**. **Your** premium may increase or decrease during the **period of insurance** as a result of the **driver behaviour**.

If after the assessment **ingenie** consider the **driver behaviour** to be safe then **you** may receive a discount on **your** premium, alternatively if **ingenie** considers the **driver behaviour** to be unsafe then **your** premium may increase but only up to the maximum price **you** were quoted at inception or renewal.

ingenie will not wait until renewal to increase or decrease **your** premium on behalf of the **insurer**; if applicable to **you** this will be done approximately 3 times

during the year (approximately every 90 days). Details of any increases or decreases to **your** premium are available to see in **your** driving **feedback account**.

If **you** have already paid **your** annual premium and **your** premium decreases because of **driver behaviour**, **you** may receive a premium rebate.

If **you** have already paid **your** annual premium and **your** premium increases because of **driver behaviour**, **you** may be asked to pay the additional premium immediately. This will be collected from **your** card details if **you** have provided them.

If **you** pay **your** premium by monthly instalments, **your** payment plan will be automatically amended to reflect **your** increased or decreased premium.

ingenie will also assess the **telematics data** from **your ingenie box** against **ingenie** guidelines towards the end of **your period of insurance** to determine **driver behaviour**. **Your** renewal premium may increase or decrease as a result of the **driver behaviour**.

If **you** receive a **highly dangerous message** at any time during the **period of insurance**, **ingenie** will monitor the driving performance and if **ingenie** don't see an improvement or if **driver behaviour** is consistently poor then the **insurer** and or **ingenie** reserve the right to cancel **your policy** under **policy** condition 8 on page 39.

If **you** receive a **highly dangerous message** in the 6 weeks before **your** renewal date, which has not been considered in **your** renewal calculation, the **insurer** may also amend **your** renewal premium and/or change the compulsory **excess** with effect from the renewal date or withdraw the invitation to renew **your policy**. **ingenie** will confirm these changes to **you** in writing.

The **insurer** and or **ingenie** may cancel **your policy** under **policy** condition 8 on page 39 if **you** drive at unacceptably high speeds, create an extremely high number of harsh braking events or harsh cornering events.

The **ingenie** website contains further information about how **your policy** may be affected by **driver behaviour**.

Cooling off period

You have the right to cancel **your policy** under **policy** condition 8 on page 39.

If the policy is cancelled

If the **policy** is cancelled, **you** should be aware of the circumstances in which **you** may be liable to pay **ingenie** for the cost of the **ingenie box**, as detailed in **your box contract**.

WHAT TO DO IF YOU HAVE AN ACCIDENT

The law

If **you** are involved in any incident involving an injury to any person, or certain animals, or if other vehicles or roadside property are damaged, **you** must stop the **car**. If **you** own the **car**, **you** must give **your** name, address and insurance details to anyone who has a good reason for asking. If **you** do not own the **car**, **you** must give the owner's name and address and the registration number of the vehicle.

If there is an injury or **you** do not give **your** details to anyone at the scene, **you** must report the incident to the police within 24 hours and present **your certificate of motor insurance** to them within 5 days.

To help the **insurer** with the claims process

1. Do not apologise or admit fault.
2. Try to collect the following information to give to the Claims helpline. This will help the **insurer** to speed up **your** claim.

You must provide full details of

- The other drivers, including their phone numbers and the registration numbers of all vehicles involved. This will allow the **insurer** to contact anybody else involved straight away and, if **you** are not at fault and the **insurer** manages to recover any

money paid, in full, **your** No Claims Discount will not be affected.

- Injuries caused.
- Property damage.
- Witnesses (if there are any).
- Police officers' names and report references. **You** must provide full details of what happened. Taking photos with a camera or mobile phone can help to confirm certain accident details.

Next steps

Call the 24-hour Claims helpline (see front cover).

1. There will be a phone number on all correspondence from the **insurer** for **you** to call should **you** need to contact the **insurer**. Please remember to have **your policy** number ready when **you** call.
2. Please remember to remove all personal belongings from the **car** before it is taken for assessment or repair.
3. Please see page 27 and 28 for details on how the **insurer** will settle **your** claim for sections A or C.

What to do

1. Call the Claims helpline. Their telephone number can be found on the front cover of this **policy** booklet. They will arrange for the glass to be repaired or replaced. If **you** phone this number and use one of **ingenie**'s chosen glass companies, cover is unlimited. If **you** do not, the most the **insurer** will pay is £100 after taking off any **excess**.
2. Repairing a windscreen or window instead of replacing it can save **you** paying a windscreen replacement **excess**, however a repair **excess** will still be payable. Please refer to **your schedule** for the **excess** amount.

As a general rule, cracks up to five centimetres and breaks the size of a £1 coin can usually be repaired.

WHAT TO DO IF YOU NEED TO MAKE A CLAIM

Call the Claims helpline number on the front cover of this **policy** booklet.

The Claims helpline is open 24 hours a day, 365 days a year.

The Claims helpline is a first-response service with operators who can confirm whether **your policy** covers **you** for the incident. Remember to save this number in **your** mobile phone (if **you** have one) so that **you** will have it available if **you** have an accident. Alternatively, **you** may be able to autodial if **you** have downloaded the **ingenie** mobile app.

Start of the claims process

If the **car** is involved in an incident or **you** need to make a claim, please telephone the Claims helpline as soon as possible.

To help deal with **your** call efficiently, please have **your certificate of motor insurance** and details of the incident with **you** when **you** call. If **you** are at the scene of the accident when **you** call the Claims helpline and do not have **your certificate of motor insurance** with **you**, please give the **car** registration number.

YOUR COVER

How the **insurer** will settle **your** claim under sections A or C

The **insurer** will choose whether to repair the **car** or pay **you** a cash amount equal to the cost of the loss or damage. If the **car** cannot be driven because of damage that is covered under this **policy**, the **insurer** will pay for the **car** to be protected and taken to the nearest **approved repairer**.

If the car is economically repairable

If the **car** is repaired by one of the **insurer approved repairers**, please see “Repair service for an accident within the **geographical limits**” on page 23.

You do not need to get any estimates, as repairs can begin immediately after the **insurer** has authorised them.

The **insurer** will arrange for one of the **insurer’s** repairers to contact **you** to arrange to collect the **car**. If **you** do not want to use one of the **insurer’s approved repairers**, **you** will need to send the **insurer** an estimate for the **insurer** to authorise and the **insurer** may need to inspect the **car**. The **insurer** reserves the right to ask **you** to obtain alternative estimates.

The **insurer** will also pay the costs of delivering the **car** back to the address shown on **your** current **schedule** or any other address the **insurer** agrees with **you**.

You will have to pay any **policy excess** direct to the repairer.

If the condition of the **car** is better after the repair than it was just before it was damaged, the **insurer** may ask **you** to pay a proportion of the repair cost.

The repairer can use parts, including recycled parts that compare in quality to those available from the relevant manufacturer.

Where the **insurer** has accepted a declared modification to **your** vehicle, in the event of loss or damage, the **insurer** reserves the right to only make a contribution towards the cost of replacing or restoring the modification and will not replace or restore the modification. If there are **modifications** the **insurer** is not aware of, the **insurer** may not pay **your** claim. If the **insurer** agrees to pay **your** claim the **insurer** will return the vehicle to the manufacturer’s standard specification and won’t make good any changes where the **car** has been changed from the manufacturer’s standard specification.

If the car is a total loss

Once an engineer has inspected and assessed the **market value** of the **car**, the **insurer** will send **you** an offer of payment.

If there is any outstanding loan on the **car**, the **insurer** may pay the finance company first. If the **insurer’s** estimate of the **market value** is more than the amount **you** owe them, the **insurer** will pay **you** the balance. If the **insurer’s** estimate of the **market value** is less than the amount **you** owe, **you** may have to pay the balance of the outstanding loan.

If the **car** is leased or on contract hire, the **insurer** may pay the leasing or contract hire company first. If the **insurer's** estimate of the **market value** is more than the amount **you** owe the leasing or contract hire company, the amount the **insurer** pays them will settle the claim.

If the **insurer's** estimate of the **market value** is less than the amount **you** owe, **you** may have to pay the balance. Any payment the **insurer** makes for total loss will be after the **insurer** has taken off any applicable **policy excess**.

In the event of a total loss, any payment the **insurer** makes will be after the **insurer** has deducted any applicable **policy excesses** (and any unpaid premium for this **policy**). Where the **market value** of the vehicle is less than the combination of voluntary and compulsory **excesses** on the **policy**, the **insurer** will not make any offer of payment. When **you** accept the **insurer's** offer for total loss, the **car** will belong to the **insurer**.

By purchasing this **policy**, **you** agree that the **insurer** can handle **your** claim in this way.

Replacement car

The **insurer** will not pay more than the **market value** of the **car** unless:

1. the loss or damage happens before the **car** is a year old; and
2. **you** are its first and only registered keeper; and
3. **you** have owned the **car** (or it has been hired to **you** under a hire-purchase agreement) since it was

first registered as new (or **you** are the second owner and the first owner is the manufacturer or supplying dealer and delivery mileage is under 250 miles); and

4. the cost of repair is valued at more than 60% of the cost of buying an identical new **car** at the time of the loss or damage (based on the UK list price); and
5. the **car** was supplied as new within the **geographical limits**.

In these circumstances, if **you** ask the **insurer** to, the **insurer** will replace the **car** (and pay the delivery charges to the address shown on **your** current **schedule** or any other address the **insurer** agrees with **you**) with a new **car** of the same make, model and specification.

If a replacement **car** of the same make, model and specification is not available the **insurer** will, where possible, provide a similar **car** of identical list price.

The **insurer** will only do this if:

1. The **insurer** can buy a **car** within a reasonable time frame from within the **geographical limits**; and
2. The **insurer** has permission from anyone who the **insurer** knows has financial interest in the **car**.

The **insurer** may agree to settle the claim on a cash basis and if the **insurer** does, the most the **insurer** will pay is the **market value** of the **car** and its standard accessories at the time of the loss or damage.

If **you** are paying by instalments **you** may still have an obligation to make payments under **your** credit agreement.
